| Research Advisor | Speedtype | Desired Training: Finnigan Deca XP ion trap MALDI TOF |
|------------------|-----------|---|
| | | |

| Project Title | |
|---------------|--|
| | |

| |
|--|
| Do you have previous experience in mass spectrometry? Yes No |
|--|

Please provide a brief description of your research and how you plan to use mass spectrometry to advance your project.

I have discussed the application of mass spectrometry to this research project with the lab member listed above. I understand that the basic training will include approximately 2-3 hours of group lab work (free of charge) and 2 hours of supervised individual instruction (\$125/hour).

Date certified to operate equipment independently.

Date _____ By _____

Upon completion of training you must follow the steps below in order to access the instruments.

ProTOF

1. This instrument is available on a first come first serve basis.
2. When using the instrument please record time in and time out in the instrument log book.
3. Do not leave your samples unattended. You must remain in the lab while your sample(s) are running on the ProTOF.
4. If you have any questions, problems or concerns please contact Katy Lundberg or Janna Kiselar.

FT-LTQ, OrbiTrap and Q Stars

1. Requests for instrument time must be sent to the appropriate person by Thursday morning for use of the instrument during the following week.
 - a. For FT-LTQ, OrbiTrap and Q-Star contact Janna Kiselar at janna.kiselar@case.edu
2. We will send you via email confirming your instrument time for the following week.
3. When you arrive at the Center with your sample please check in with:
 - a. FT- LTQ – Serguei Ilchenko
 - b. OrbiTrap- Giri Gokulrangan
 - c. Q Star -Benlian Wang or Serguei Ilchenko

If none of the above people are available please come to the administrative suite and speak to Maita Diaz or Joan Schenkel
4. The person you have checked in with will work with you to begin your instrument time.
5. You must fill in the log book and include: time in, time out, and number of samples.
6. Upon completion of your instrument time please “check out” with one of the people listed above.
7. During your run if you have any questions, problems or concerns please contact one of the people listed above.

I have read the policy above and understand that I must follow this policy or I may be denied instrument access.
